Supervisor Greg Cox

In the Coming Week

PROTECTION OF LOCAL REVENUES

The Board of Supervisors will consider a measure by Supervisor Greg Cox and Supervisor Bill Horn to lend the County's support to Proposition 1A, "Protection of Local Government Revenues," on the November 2nd ballot. Proposition 1A was placed on the ballot as part of the Governor and Legislature's budget agreement for FY 04-05. If approved by the voters, Proposition 1A would prevent the State Legislature from raiding local government funds that the County of San Diego relies upon to provide the most critical services for residents, including public safety, public health, environmental protection, public assistance, parks and libraries.

Supervisor Greg Cox serves as the First Vice President of the California State Association of Counties (CSAC), a member of the LOCAL Coalition that struck the budget deal with Governor Arnold Schwarzenegger. Cox is slated to assume leadership of CSAC in November of this year. Supervisor Bill Horn serves as San Diego County's representative on the CSAC Board of Directors.

Tuesday, August 17 at 9:00 am at the Board of Supervisors meeting, County Administration Center, 1600 Pacific Highway, Room 335, San Diego.
